Note: The colours represented here act as a guide only. If colour or final aesthetics are of prime concern, please contact us and request an actual sample of the required colour and system.

Other colours available on request

Different systems can display the same colour in different ways. For example, epoxies and polyurethanes produced in the same colour will not match identically. Colour matching to RAL or BS 4080 can be offered on request from the Technical Department.

Some colours in some systems can be affected by UV light over time. Please contact the Technical Department for further information.

We reserve the right to adjust or discontinue any colour in any range.

Midnight Blue
